MEASURING WHAT'S NEXT

Escali innovations in quality, accuracy, value and style are shaping the future of digital scales in home and professional settings.

Synthesizing contemporary design with unmatched accuracy, Escali scales are sold around the globe. Offering a wide range of distinctive digital scales, the product line is widely recognized for precision measurement, useful features, smart styling and exceptional value. All models are multifunctional and provide information in a choice of standard or metric formats.

Featured in both the national and international press, Escali's distinguished product development and technical team, led by industry expert Theo Prins, combines years of category experience with an unparalleled commitment to new product innovation.

Escali scales are tested by rigid military measurement standards—a process that contributes to an exceptionally low return rate.

Likewise, the professional line includes NSF-approved models. Backed by a 5-year warranty and 100-percent satisfaction guarantee, Escali products tip the scales in the customer's favor.

Retail partnerships, reliable product availability and low minimum order quantities reflect Escali's dedication to customer service. The company's centrally located Minneapolis headquarters is staffed by a friendly, service-oriented team, which assures that retailers receive their shipments when and where they want it.

If you're ready for a higher scale of performance, contact your representative or call 1-800-467-6408. Let Escali demonstrate how you can benefit from tomorrow's measurement innovations today.

Escali's dedication to quality and innovation has received industry wide recognition and certification.

> This is a fabulous scale.
> It's compact, accurate
> and a snap to use.

PRIMO

Colorful Bestseller

Twice rated best value by leading independent consumer magazine. The Primo line comes in 9 eye catching colors from a shiny chrome to a warm red. These digital scales are economically priced and very easy to use with its two-button operation.

NSF certified model available with a removable stainless steel platform. (See Professional Scales, page 24)

- Capacity: 11 lbs. or 5000 grams
- Measures in ounces, pounds + ounces or grams
- Accurately measures in 0.1 ounce or 1 gram increments
- Compact and portable for easy storage or transport
- Peg-able package

2x TWICE!

Rated best value by leading independent consumer magazine.

115G

> “It’s a very attractive scale that I leave on my counter top.”

VITRA

Glass Act

The Escali Vitra comes with a tempered glass platform and enhanced qualities, including a timer and temperature feature.

- Capacity: 11 lbs. or 5000 grams
- Measures in ounces, pounds + ounces, grams or kilograms
- Accurately measures in 0.1 ounce or 1 gram increments
- Kitchen timer, clock and thermometer

PICO

Pocket-Sized and Colorized

Pico is our cutest scale yet! But don’t be fooled by its size. It features an 11 lb / 5 kg capacity. The same as its older brother the Primo. Pico’s smaller size allows for space saving and easy storage. Makes a great nutritional scale in the kitchen for food portioning, for your office or for your hobbies. Pico comes in 5 vibrant colors.

- Small, fits in the palm of your hand. Easy to take with you, or store in small drawer
- Capacity : 11 lb / 5000 gr & Increments: 0.1 oz / 1 gr
- Counting feature (i.e. great for counting beads)
- Displays in oz, pounds, pounds+oz and grams
- Hold feature (Displays weight after removing item off the scale, great when weighing oversized items)

BFBW200

Bodyfat and Bodywater

The BFBW200 bathroom scale features advanced digital weighing technology that provides a high tech analysis of the fitness level of the user. The scale measures percentage of body fat, body water and weight for up to ten individual users. The scale has a large capacity of 440 lbs. or 200 kilograms.

- Accurately measures in 0.2 lb. or 0.1 kilogram increments using high precision strain gauge sensors
- Scale uses bioelectrical impedance analysis (BIA) based on a person's height and weight
- Easy to read bright display
- User mode for male or female
- 3 button easy operation
- High quality impact resistant tempered glass platform

USHM180S

Sophisticated Health Monitor

This smart Health Monitor bathroom scale measures body weight, body fat, body water and muscle mass. The scale is ultra thin in design and capable of storing individual user data for up to 4 users. The instant-on technology will immediately display weight followed by body fat, body water and muscle mass data to the user.

- Capacity: 400 lbs. or 180 kilograms
- Accurately measures in 0.2 lbs. or 0.1 kilograms
- Clear blue backlight display
- 4 user memory, includes male or female athlete mode
- Ultra thin design, only 3/4 inch (2 cm.) high

"Elegant, slim and smart. I love the instant-on feature. I just step on the scale and it immediately gives me results without having to turn it on."

Escali

Ultra Slim Design

USHM180G

Black Glass Elegance

The black tempered glass platform accentuated with stainless steel foot placers give this bathroom scale a modern look which will provide style and sophistication to any bathroom. The scale provides weight, body fat, body water and muscle mass data through the instant-on feature; this feature will provide the user with immediate info when positioned on the scale.

- Capacity: 400 lbs. or 180 kilograms
- Accurately measures in 0.2 lbs. or 0.1 kilograms
- 4 user memory, includes male or female athlete mode
- Ultra thin design, only 3/4 inch (2 cm.) high

Features “Instant-On” Technology:
Scale turns on when stepping on the scale

US180B

Sleek Ultra Thin Design

This sleek black bathroom scale with blue backlight and stainless steel display will have an understated presence in your bathroom; this ultra slim design is equipped with an instant weighing mode feature providing instant weighing data to the user; scale turns on automatically when user steps on the scale. The large display and 10 seconds hold feature will give the user easy access to body weight info.

- Capacity: 400 lbs. or 180 kilograms
- Accurately measures in 0.2 lbs. or 0.1 kilograms
- Ultra thin design, only 3/4 inch (2 cm.) high
- Large easy to read backlight display
- Instant-on technology

BT20

Baby / Toddler Scale

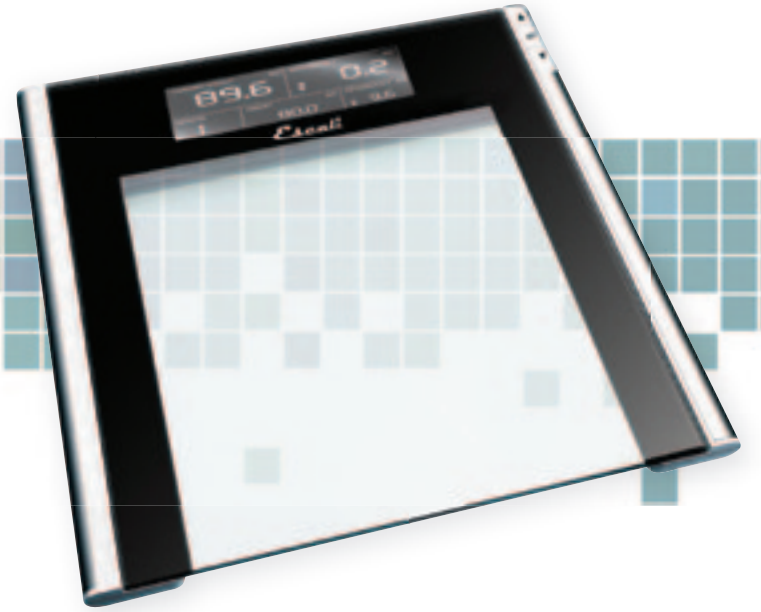
Built with the safety of your child in mind; the Escali Baby / Toddler scale maintains a safe and stable weighing surface with its low center of gravity and gently curved baby cradle. The handy Tare "Add & Weigh" feature allows you to zero out the weight of favorite blankets or pillows for added comfort. Remove the baby cradle to reveal the toddler platform beneath for years of accurate use.

- Capacity: 44 lbs. or 20 kilograms
- Accurately measures in 0.1 lb., 5 grams, or 1/2 ounce
- Large blue backlight display
- Memory feature shows last weight measurement
- Length Ruler included on baby cradle

TO CONVERT

Baby scale to toddler scale:

1. Reach under the scale and locate the two handles on either side; pull these handles outward.
2. Lift baby cradle up to reveal the toddler platform below.



TT200

Set, Track and Achieve

The USTT200 digital bathroom scale will help the user to follow their progress until the preset target weight is achieved. This scale has an extra large capacity of 440 lbs. or 200 kilograms.

- Accurately measures in 0.2 lb. or 0.1 kilogram using high precision strain gauge technology
- Hold feature – Continues to show weight after stepping off the scale
- 4 user track-memory stores personal information
- High quality impact resistant tempered glass platform

> “I’ve been very impressed with this Escali scale. It’s solidly built, sturdy, very attractive, has many features, has a high capacity, and most importantly it’s very accurate and consistent.”

XL200

Extra Large Display

The large digits on the Escali XL200 digital bathroom scale make for easier reading, and the convenient tap-on platform allows the user to tap the top of the platform to turn the scale on. Once weight is measured, the display continues to show the weight after the user steps off the scale.

- Capacity: 440 lbs. or 0 kilograms
- Accurately measures in 0.2 lbs. or 0.1 kilograms using high precision strain gauge technology
- Extra large bright display of 5 1/2 x 5 inch (9 x 7 1/2 cm.)
- Nonslip surface platform

NSF:

Primo, Alimento, M-Series

The registered NSF Certification Mark on a food equipment product confirms that NSF has assessed—and certified—its conformity with the relevant NSF / ANSI standard.

www.NSF.org
